I. Education**Ph.D. in Production and Operations Management**

College of Business, The University of Texas at Arlington, Arlington, Texas.

Major Field: *Production and Operations Management*

Minor Fields: *Operations Research and Statistics*

Dates: September 1992 - December 1996

Dissertation: "A Methodology for Designing Effective Value Chains"

M.S in Industrial and Manufacturing Systems Engineering

The University of Texas at Arlington, Arlington, Texas.

Concentration: *Manufacturing*

Dates: September 1990 - May 1992

Project: "A Dual-Card Kanban Simulation Model for JIT Production"

B.S in Mechanical Engineering

Andhra, India, Dates: June 1985 - June 1989

II. Work Experience***Professor of Operations and Supply Chain Management***

Department of Supply Chain Management, Eli Broad Graduate School of Management,
Michigan State University, East Lansing, Michigan 48824, Fall 2006 – present

Associate Professor of Operations and Supply Chain Management

Department of Supply Chain Management
Eli Broad Graduate School of Management, Michigan State University,
East Lansing, Michigan 48824, Fall 2000 – Summer 2006 (tenured in Fall 2002)

Assistant Professor of Operations Management

Department of Information Systems and Sciences
Silberman College of Business, Fairleigh Dickinson University,
Teaneck, New Jersey 07666, Fall 1997 – Summer 2000

Visiting Assistant Professor of Operations Management

Department of Information Systems and Operations Management
College of Business, The University of Texas,
Arlington, Texas, Fall 1996 – Summer 1997

c. Non-Refereed Publications and Technical Reports

1. "Data Envelopment Analysis: Models and Extensions", Srinivas Talluri, *Decision Line*, vol. 31, no. 3, pp. 8-11, 2000.
2. "A Methodology for Evaluating E-Procurement Solutions", Ram Narasimhan, Srinivas Talluri, and Anthony Ross, *CAPS Research Study Report*, 2003.

d. Journal Articles Under Review

1. "Risk Management Strategies in Transportation Capacity Decisions: An Analytical Approach", Jiho Yoon, Hakan Yildiz, and Srinivas Talluri, under review in *Journal of Business Logistics* (submitted May 2014; **revised and resubmit**).
2. "Assessment of Proactive Environmental Initiatives: An Application of DEA on Interval-scale Data", Santosh Mahapatra, Raktim Pal, Tomas Hult, and Srinivas Talluri, under review in *IEEE Transactions on Engineering Management* (submitted August 2014; **revise and resubmit**).
3. "Supply Chain Risk Management: A Literature Review", William Ho, Tian Zheng, Srinivas Talluri, and Hakan Yildiz, under review in *International Journal of Production Research* (submitted March 2014; **revised and resubmit**).
4. "Disruptions in Supply Networks: A Probabilistic Risk Assessment Approach", Anssi Kaki, Ahti Salo, and Srinivas Talluri, under review in *Journal of Business Logistics* (submitted May 2014; **revise and resubmit**).

e. Research-In-Progress

1. "Models for Supplier Selection and Risk Mitigation", Jiho Yoon, Srinivas Talluri, and Hakan Yildiz (target journal: *Production and Operations Management Journal*).
2. "A Two-Stage Supply Chain Risk Reduction Model: An Application in the Offshore Wind Energy Industry", Federico D'Amico, Riccardo Mogre, and Srinivas Talluri (target journal: *Decision Sciences*).
3. "A Methodology for Monitoring Efficiency of Supply Chain Network Designs", Srinivas Talluri, Hakan Yildiz, and Jiho Yoon (target journal: *Decision Sciences*).
4. "Strategic Dual Sourcing Decisions: A Game Theoretic Model", Wenming Chung, Srinivas Talluri, and Ram Narasimhan (target journal: *Production and Operations Management Journal*).
5. "Efficiency Analysis of Dialysis Facilities: Identification of Best Practices", David Dreyfus, Srinivas Talluri, and Anand Nair (target journal: *Production and Operations Management Journal*).
6. "Optimal Sourcing Strategy and Information Sharing under Multi-tier Disruption Risk", Jiho Yoon, Srinivas Talluri, and Claudia Rosales (target journal: *Production and Operations Management Journal*).
7. "Efficacy of Capacity Based Risk Mitigation Strategies in 3PL Operations", Jiho Yoon, Srinivas Talluri, and Hakan Yildiz (target journal: *Decision Sciences*).

f. Research Grants

- A methodology for monitoring efficiency of supply chain network designs, Midland Research Institute for Value Creation, Funded Amount: \$58,360, Summer 2014-Fall 2014 (Role: Principal Investigator, Co-PI: Hakan Yildiz)
- Travel research grant, CIBER, Broad College of Business, MSU, Funded Amount: \$3800, 2014.
- Travel research grant, CIBER, Broad College of Business, MSU, Funded Amount: \$1000, 2013.
- Summer research grant for \$5,000, Broad College of Business, MSU, Funded Amount: \$5000, Summer 2004.
- Global supply chain network optimization at Lear Corporation, Funded Amount: \$50,000, Summer 2003 (Role: Co-PI with Ram Narasimhan).
- Return on investment from E-supply chain solutions, CAPS Research Grant, Funded Amount: \$50,000, Fall 2002 (Role: Co-PI with Ram Narasimhan and Anthony Ross).
- Summer research grant, Amount Funded: \$21,500, Broad College of Business, MSU, Summer 2002.
- Summer research grant, Amount Funded: \$20,000, Broad College of Business, MSU, Summer 2001.
- University grant-in-aid program, Amount Funded: \$2,100, FDU, Summer 1999.
- Summer research grant, Silberman College of Business, Amount Funded: \$2,100, FDU, Summer 1999.
- University grant-in-aid program, Amount Funded: \$2,100, FDU, Summer 1998.
- Summer research grant, Silberman College of Business, Amount Funded: \$4,200, FDU, Summer 1998.

Grants Proposals not Funded

- National Science Foundation (NSF) CAREER award on Multifactor Process Monitoring for approximately \$200,000 (submitted July 1999).

IV. Honors/Awards

- Invited presentation at the Universidad Politécnica de Madrid, Madrid, Spain, December 2014.
- Invited presentation at the University of Hull Business School, Hull, UK, November 2014.
- Invited presentation at the ETH (Swiss Federal Institute of Technology), Zurich, Switzerland, October 2014.
- Invited to Politecnico di Milano as an Eminent Scholar and Editor, Milan, Italy, June 2014.
- Invited as an Eminent Scholar to University of Melbourne, Australia, May 2014.
- Invited presentation and doctoral dissertation co-chair at Aalto University, Helsinki, May 2014.
- Invited presentation at the Center for Operations Research and Econometrics, Université catholique de Louvain, Belgium, November 2013.
- Invited presentation at the Department of Operations Management, Copenhagen Business School, Copenhagen, Denmark, March 2013
- Distinguished speaker at the 2012 SEMS/IIE Student Initiative Webinar Series

- Keynote speaker (Represented Technology Management Council) at the ISMOT conference in Hangzhou, China, November 2012
- Invited speaker at the 2011 Future Academician Colloquium, 2011 INFORMS Annual Meeting, Charlotte, NC
- Served as the official opponent for the doctoral dissertation defense of Imoh Antia, Hanken School of Economics, Helsinki, Finland, October 2011.
- Award for Departmental Editorial Leadership for *IEEE Transactions on Engineering Management*, August 2010.
- Outstanding Service Award from POMS for contributions as a Board Member and Associate Executive Director from 2006-2008, May 2009.
- Invited presentation at the Supply Chain Management Institute, European Business School, Wiesbaden, Germany, April 2009.
- Served as the official opponent for the doctoral dissertation defense of Toni Jarimo, Helsinki University of Technology, Helsinki, Finland, May 2008.
- Invited presentation in speaker series at Industrial and Operations Engineering Department, University of Michigan, Ann Arbor, March 2007.
- High Commendation Award for the paper published in *Supply Chain Management: An International Journal*, 2005.
- Invited presentation as a Distinguished Scholar, College of Business, University of Texas, Arlington, November 2004.
- John D. and Dortha J. Withrow Endowed Emerging Scholar Award for outstanding scholarly contributions, Broad College of Business, Michigan State University, April 2004 (included a cash award of \$10,000).
- Selected for the *Phi Kappa Phi* Honor Society, Michigan State University, March 2003.
- AcademicKeys *Who's Who in Business Higher Education*, July 2003.
- 1999-2000 *Research Award*, S. J. Silberman College of Business Administration, Fairleigh Dickinson University.
- 1999-2000 *Teaching Award*, S. J. Silberman College of Business Administration, Fairleigh Dickinson University.
- Selected for the *Alpha Pi Mu* Honor Society (Industrial Engineering), May 1991.
- *Second Place Award* in *APICS* student paper contest at the regional level (region includes Arkansas, Colorado, Louisiana, Mexico, New Mexico, Oklahoma, and Texas), September 1996.
- *Second Place Award* in *APICS* student paper contest at the chapter level, September 1995.

V. Other Academic Responsibilities

a. Editorship

- Department Editor for *Manufacturing and Supply Chain Systems* for *IEEE Transactions on Engineering Management*, January 2012- present.
- Department Editor for *Models and Methodologies* for *IEEE Transactions on Engineering Management*, January 2008- December 2011.
- Senior Editor for the *Decision Sciences Journal*, January 2015- present.
- Associate Editor for the *Decision Sciences Journal*, January 2007- December 2014.
- Associate Editor for the *Journal of Business Logistics*, February 2013- present.

- Guest Senior Editor for *Production and Operations Management Journal*, January 2012
- Associate and Feature Editor for Supply Chain Management area for the *POMS Chronicle*, Summer 2003-Spring 2008.
- Editorial Board Member *International Journal of Production Research*, January 2003-present.
- Editorial Review Board Member for the *Decision Sciences Journal*, July 2006-December 2006.
- Editorial Review Board Member for the *Production and Operations Management Journal*, June 2006-present.
- Editorial Review Board Member for the *EURO Journal on Decision Processes*, February 2012-present.
- Special Issue co-editor of Risk Issues in Supply Chain Management, *Journal of Operations Management*, vol. 27, no. 2, pp. 114-118, 2009.
- Special Issue co-editor of Agile Logistics Management: Analysis and Modeling, *International Journal of Physical Distribution and Logistics Management*, vol. 32, no. 7, 2002.

b. Track/Session Chair

- Track Chair for Decision Models for Operations/Manufacturing at the 46th Annual Meeting of the Decision Sciences Institute, Seattle, Washington, November 2015.
- Track Chair for Decision Models at the 45th Annual Meeting of the Decision Sciences Institute, Tampa, Florida, November 2014.
- Track Chair for Supply Chain Management at the IEEE International Technology Management Conference, San Jose, California, June 2011.
- Track Chair for Purchasing and Sourcing Management at the 18th Annual Conference of Production and Operations Management, Dallas, Texas, April 2007.
- Track Chair for Purchasing at the 16th Annual Conference of Production and Operations Management, Chicago, April 2005.
- Track Chair for Supply Chain Management at the Midwest Decision Sciences Institute Conference, Toledo, Ohio, April 2005.

h. Service at Fairleigh Dickinson University

College and Department

- Member of Research Funding Committee, Fall 1998
- Member of Executive MBA Curriculum Review Committee, Spring 1998
- Member of Management Faculty Search Committee, Spring 1999

VI. Industry Experience

Advisor- MASCO Corporation, Fall 2004- Fall 2012

- Advisor for the Masco Leadership Program in Operations Management, Broad College of Business, Michigan State University
 - Training in Quality Management principles, supervision of process improvement projects

Consulting Experience:

- Accenture
- Dash Optimization
- SAP
- McNeal Health Group
- Prentice Hall
- UAE Government
- Lear Corporation
- MASCO
- Chrysler
- Steelcase
- Whirlpool
- Lear Corporation
- Fairleigh Dickinson University

Executive Education:

Chrysler- Business Analytics

MASCO- Quality Management

Steelcase- Manufacturing Planning

Bisk Corporation- Manufacturing Planning and Control

Project Associate

Automation and Robotics Research Institute, River Bend Campus,
University of Texas, Arlington, Fort Worth, Texas,
Spring 1994 - Summer 1994, Fall 1996 – Spring 1997.

Project member in the Agile Template Project funded by National Science Foundation (NSF). Work involved defining flexibility and agility of small and medium business processes, identifying agile practices, and developing metrics.

Production Engineer Trainee

VST Industries, India, June 1989-June 1990

- Work involved rotation in different operations related to cigarette manufacturing- tobacco processing plant, cigarette manufacturing plant, power generation plant, and tools department

VII. Courses Taught: (Areas: Supply Chain Management, Operations Management, Management Science, and Statistics)

Michigan State University, Department of Marketing and Supply Chain Management

Decision Modeling (Weekend MBA), Managerial Decision Support Models (Executive MBA), Quality Management (MBA), Manufacturing Planning and Control (Graduate & Undergraduate), Applied Decision Models I (Doctoral), Supply Chain Management (Graduate), Applied Decision Models II (Doctoral), Applied Data Analysis (Graduate), Decision Support Models (Graduate), Supply Chain Management (Weekend MBA), Decision Modeling in Supply Chains (Undergraduate)

Curriculum/Course Development: Developed a capstone course targeted at undergraduate supply chain majors and applied engineering sciences majors, Spring 2014

Fairleigh Dickinson University, Information Systems and Sciences Department

Quantitative Applications in Business (Undergraduate), Production and Operations Management (MBA), Production and Operations Management (Undergraduate), Management Information Systems (Undergraduate), Statistics Skills I (Graduate), Statistics Skills II (Graduate)

The University of Texas at Arlington, Management Sciences Department

Quantitative Analysis (MBA), Business Statistics (Undergraduate), Introduction to Management Science (MBA), Applied Mathematical Programming (Graduate), Production and Operations Management (Undergraduate), Advanced Production and Operations Management (Undergraduate)

VIII. Coursework

Ph.D. in Operations Management

<u>Major Field: Production and Operations Management (POM)</u> Introduction to POM Applied Decision Theory Manufacturing Resource Planning Applied Mathematical Programming Manufacturing Technology Management Advanced Optimization Topics in POM Seminar in POM	<u>Business Foundation & Other</u> Micro Economics Financial Accounting Macro Economics Managerial Accounting Marketing Financial Management Unix & C Programming Language
