RESEARCH

RESEARCH INTERESTS

My research focuses on relationship marketing issues, where I am currently focusing a series of substantive areas:

- ◆ Customer Loyalty and Relationship Marketing – Understanding the nature of bonds between customers and service firms and the strategic marketing actions firms can employ to increase these bonds and experience increased advocacy and spending.
- ◆ Service Experience Management - Understanding the dynamics of the entire customer/service experience including the impact of employees, other customers, and the environment on customer evaluations of the service experience and loyalty.
- ◆ Service Failure and Recovery - Understanding how consumers cope with service failure and recovery experiences and the impact that managerial interventions can have on restoring customer loyalty following service failure.
- ◆ Return on Marketing Investments - Assessing the return on marketing investments, including the ROI of trade show marketing investments, loyalty program designs, service quality investments, and service recovery strategies.

RESEARCH FUNDING / GRANTS

SUMMARY OF GRANT ACTIVITY

Only projects with Co-PI or PI status are included in this section.

- ◆ Total Funds Received: \$1,293,070

GRANTS CURRENTLY UNDER REVIEW

- ◆ “Building Collaborative Innovation Capacity: Developing a Smart Service System for Advancing Client-Centered Innovation in Enterprise Social Media Platforms”
 - Funding Agency: Sales Education Foundation
 - Funding Requested: \$999,872
 - Dates: 8/16/2016 - 8/15/2019

FUNDED GRANT ACTIVITY

- ◆ “Measuring and Evaluating Sales Training Effectiveness”
 - Project Description: This research seeks to identify the processes by which sales training spills over to influence sales performance in both the short and long run. Leveraging theories of modification, we develop a baseline model of sales training effectiveness and identify contextual factors that increase and decrease the likelihood that sales training “sticks.”
 - Funding Agency: Sales Education Foundation
 - Funding Received: \$5,000
 - Dates: 5/15/2015 - 8/15/2016
- ◆ “Formal and Informal Boundary Spanning in Multiteam Systems: An Examination of Triadic Influences on Knowledge Generation and Innovation in Scientific Teams”
 - Project Description: The goal of this research effort is to improve our understanding of how boundary spanning employees interact and perform within a multiteam system. This project will study these phenomena at the Facility for Rare Isotope Beams (FRIB) at Michigan State University, a facility that is a state of the art complex for studying high particle physics and is at the forefront of the competitive world of scientific discovery and knowledge expansion.
 - Funding Agency: National Science Foundation – Science of Organizations
 - Funding Received: \$1,085,570
 - Dates: September 2012 – August 2015
- ◆ “Managing Post-Purchase Moments of Truth: Leveraging Customer Feedback to Increase Loyalty”
 - Project Description: The goal of this research effort is to investigate the extent to which firms can leverage ongoing customer research efforts to create meaningful moments of truth that may drive increased patronage. Through 3 field studies, we demonstrate the potential benefits of acknowledging customer feedback from a firm’s most delighted guests.
 - Funding Agency: Marketing Science Institute
 - Funding Received: \$7,500
 - Dates: December 2012 – August 2013
- ◆ “Assessing the Drivers of Short and Long-Term Outcomes at Business Trade Shows”
 - Project Description: This research offers a more complete understanding of trade show effectiveness by investigating the entire purchase process (from booth visit to final purchase) in a single study. Moreover, the study helps managers understand the key drivers of short-term and long-term trade show performance and how these drivers can be better employed to improve performance. It also provides an assessment of the economic returns from trade show investments and the conditions under which those returns can be maximized.
 - Funding Agency: Marketing Science Institute
 - Funding Received: \$10,000

- Dates: January 2010 – December 2012
- ◆ “Preliminary Investigations into the Adoption, Influence, and Diffusion of New Media Technologies”
 - Project Description: An investigation of the motivations for use of new media technologies.
 - Funding Agency: Air Force Research Laboratories, Human Effectiveness Directorate
 - Funding Received: \$100,000
 - Dates: July 2007 – June 2009
- ◆ “A Multi-National Investigation into the Effectiveness of Communication Using New Media”
 - Project Description: In this study, we seek to uncover the global dynamics associated with new media communication within social networks. We will identify the main drivers behind the rapid adoption of new media communication and establish the core set of functionalities to assist in the development of an Air Force Social Networking site. This system will serve as an experimental platform for experimental testing on influence in networked communities.

ACTIVE LEARNING PROJECTS

I strive to apply marketing concepts both through cases and active learning projects in the courses that I teach. Below is a summary of some of the projects I have engaged in during my time at Michigan State University.

Undergraduate Projects

- ◆ 2007 - 2015: Google Online Marketing Challenge
 - I serve as a member of the Global Academic Panel for the Google Online Marketing Challenge and also offered it as a project in my courses in 2008 and 2009. I also provide ongoing support to other faculty in the College of Business and the College of Communication when they offer the project to their students.

- ◆ 2009: Customer Satisfaction Assessment and Benchmarking for Quality Dairy Convenience Stores
 - Students conducted a customer service and satisfaction benchmarking study for a regional convenience store across their 31 locations.

Graduate Projects

- ◆ 2008: CPG Innovation Project for Kellogg Company
 - Organized and directed the "BrandNEW" product innovation competition that recruited cross-campus teams of students to work on an intensive product development project for Kellogg's within a one week timeline.

- ◆ 2008: Gen Y's Purchase Funnel Project for Deloitte Automotive Consulting
 - Partnered with Deloitte's Automotive Consulting group to develop, administer, and analyze the results of the annual Gen Y research project. In this role, I also lead a student team on a deep dive assessment of an

emerging industry trend that results in a final presentation to an audience of executives during the North American International Auto Show.

- ◆ 2009: Category Innovation Project for Whirlpool
 - Organized and advised a number of student consulting teams on a category innovation project that involved extensive secondary and primary research, brainstorming a series of preliminary product solutions, and presenting a final set of recommendations for new products within the category to category managers and senior executives at Whirlpool HQ.

- ◆ 2009: Google Grants Search Engine Marketing Project
 - Partnered with Google Grants and Google's Ann Arbor office to develop and optimize search engine marketing programs for four Michigan-Based Non-Profit Organizations. Specifically, led four student teams in the initial client interviews, program proposal, implementation, analysis, and ultimate optimization.

- ◆ 2009: Gen Y's Perceptions of Sustainability Project for Deloitte Automotive Consulting
 - Partnered with Deloitte's Automotive Consulting group to develop, administer, and analyze the results of the annual Gen Y research project. In this role, I also lead a student team on a deep dive assessment of an emerging industry trend that results in a final presentation to an audience of executives during the North American International Auto Show.

- ◆ 2010: New Product Development Project for BISSELL
 - Organized and advised a series of student consulting projects focused on developing new product concepts and positioning plans for Bissell's product development team.

- ◆ 2010: Gen Y's Perceptions of the Sales Experience for Deloitte Automotive Consulting
 - Partnered with Deloitte's Automotive Consulting group to develop, administer, and analyze the results of the annual Gen Y research project. In this role, I also lead a student team on a deep dive assessment of an emerging industry trend that results in a final presentation to an audience of executives during the North American International Auto Show.

- ◆ 2011: Automotive Service and Technology Innovation Project at Chrysler
 - Organized and advised a number of student consulting teams on a platform innovation project that involved capturing the voice of the consumer, developing insights from this research, generating a series of new service and physical good concepts, and ultimately proposing a series of new service and physical good innovations to the Chrysler Product Planning team.

- ◆ 2011: Customer Loyalty Project at Chrysler
 - Organized and advised a series of student consulting projects focused on assessing the impact of marketing interventions on customer loyalty, and connecting customer loyalty metrics to organizational performance.

- ◆ 2011: Gen Y's Perceptions of Alternative Powertrains Project for Deloitte Automotive Consulting

- Partnered with Deloitte's Automotive Consulting group to develop, administer, and analyze the results of the annual Gen Y research project. In this role, I also lead a student team on a deep dive assessment of an emerging industry trend that results in a final presentation to an audience of executives during the North American International Auto Show.

- ◆ 2012: Marketing ROI and Lifetime Value Project at Chrysler
 - Organized and advised a series of student consulting projects focused on assessing the return on investment provided by customer care interventions.

- ◆ 2012: Brand Renovation and Innovation Project at Nestle Purina
 - Organized and advised a series of student consulting projects focused on developing new product concepts and positioning plans for four of Nestle Purina's brands in the cat food category.

- ◆ 2012: Conjoint Project at Whirlpool
 - Organized a new product development research project with Whirlpool focused on understanding price premiums associated with various features.

- ◆ 2013: Social Media Analytics for TechSmith
 - Organized and advised a team of students on the completion of the Social Media audit for TechSmith's major products.

- ◆ 2013: Meta-Analysis for Communispace
 - Organized and advised a team of students who analyzed consumer responses on 1,000+ survey questions administered across 38 marketing research online communities for firms like Procter and Gamble, PepsiCo, Under Armour, Target, and Microsoft to assess the impact of segmentation schemes on response outcomes in MROCs.

- 2013: Assessing the ROI of a Rewards Program for Meijer
 - Organized and advised a team of analytics students that analyzed over 1,000,000 data records to assess the incremental benefits of the mPerks program on customer spending and profitability.

- 2013: Open Innovation Project with Assurant
 - Organized and advised a team of students as part of an Open Innovation project for Assurant focused on identifying new business opportunities for their extended service contracts division.

- ◆ 2013: Segmenting Gen Y Automotive Consumers and Understanding their Path to Purchase
 - Partnered with Deloitte's Automotive Consulting group to develop, administer, and analyze the results of the annual Gen Y research project. In this role, I also lead a student team on a deep dive assessment of an emerging industry trend that results in a final presentation to an audience of executives during the North American International Auto Show.

- 2013: Segmenting Reward Members for Meijer
 - Organized and advised a team of analytics students who developed an engagement segmentation typology for Meijer's mPerks reward program.

TEACHING EVALUATIONS

Teaching evaluations are consistently excellent and across 45 undergraduate and graduate programs, my average teaching scores for the question, "What is your overall assessment of the instructor?" where "1" is the worst and "5" is the best are **4.55** for undergraduate courses and **4.43** for graduate courses.
