RESEARCH INTERESTS

- * **Context:** Socially-responsible supply chains, Data-driven practice-focused research with a particular emphasis on healthcare analytics.
- * **Methodology:** Analytical stochastic modeling, Dynamic programming, Simulation, Econometric modeling, Machine learning.

ACADEMIC & PROFESSIONAL EXPERIENCE

- * Assistant Professor, Departments of Accounting & Information Systems and Supply Chain Management, Eli Broad College of Business, Michigan State University, 2019-Present
- * Assistant Professor, Operations Management, *McGill University*, 2012 – 2019.¹
- * Research Associate, *St. Mary's Hospital Research Center*, 2012- 2019.
- * Professor of Supply Chain Management, *MIT-Zaragoza International Logistics Program*, 2009 – 2012.
- * Visiting Scholar, Decision, Risk and Operations Division, *Columbia Business School*, 2008-2009.
- * System Analysis Specialist, *Tani Iletisim Inc., Koc Holding*, 2002-2004.

EDUCATIONAL BACKGROUND

- * Ph.D. in *Operations Management*, 2010.
McGill University
- * *CIHR Health Informatics PhD/Postdoc Strategic Training Program*, 2007.
McGill University
- * *Master of Science in System Engineering*, 2002.
Yeditepe University, Department of Systems Engineering, Istanbul, Turkey
- * *Bachelor of Science in Industrial Engineering*, 2000.
Marmara University, Department of Industrial Engineering, Istanbul, Turkey

¹ On prenatal medical leave from November 2014 to July 2015 and maternity leave from July 2015 to July 2016.

EXTERNAL & INTERNAL GRANTS

Raised a total of \$469,000 as a **Principal Investigator** from grant competitions.

- [G1] Eli Broad College of Business, MSU, Summer Research Award
Project Title: Emergency Medical Services Protocols for Regionalized Systems of Care: On the Trade-Off Between Transportation and Boarding Times
Role: **Principle Investigator**
Length: 2020
Total Amount: \$19,000
- [G2] Fonds de Recherche du Quebec- Sante (FRSQ), Operating Grant on Emergency Services Issues and Continuum of Care.
Project Title: Looking beyond the walls of the emergency departments for the delays in the emergency departments: modeling associations with the hospital and post-acute care and exploring the promising interventions
Role: **Principle Investigator**
Length: 2016-2019
Total Amount: \$269,479
- [G3] Rossy Cancer Network
Project Title: Improving the trajectory of care for ovarian cancer patients, with focus on institutional resource use and patient-centered well-being
Role: Co-Investigator (PI: Dr. Walter Gotlieb)
Length: 2015-2016
Total Amount: \$10,000
- [G4] Fonds Québécois de la Recherche sur la Société et la Culture (FQRSC) New Researcher Grant
Project Title: Connecting Sustainability to Profitability: Design of Integrated Closed-loop Supply Chains
Role: **Principal Investigator.**
Length: 2014 – 2017.
Total Amount: \$39,600 (Share: 100%)
- [G5] Canadian Institute of Health Research (CIHR), SPOR Networks
Project Title: The Quebec Knowledge-1 Network: A learning community for primary and integrated care
Role: Co-investigator (Co-PIs: Jeannie Haggerty and Antoine Groulx)
Length: 2014-2015.
Total Amount: \$150,000
- [G6] Marcel Desautels Institute of Integrated Management Fellowship, McGill University,
In the category of “Research”

Project Title: A Regional/Provincial Approach for Understanding and Tackling ED Crowding
Role: **Principal Investigator**, with a multidisciplinary team of Prof Antonio Ciampi (Medicine) as well as Dr. Rick Mah and Mr. Eric Belzile (St. Mary's Hospital).

Length: 2014 – 2016.

Total Amount: One course release and \$4,650 (Share: 100%).

- [G7] St. Mary's Research Center, New Investigator's Research Award

Project Title: Operations Research Applications to Improve Healthcare Operations

Role: **Principal Investigator**.

Length: 2012 – 2015.

Total Amount: \$75,000 (Share: 100%).

- [G8] Start-up Grant, Desautels Faculty of Management, McGill University

Role: **Principal Investigator**.

Length: 2012 – Present.

Total Amount: \$60,000 (Share: 100%).

- [G9] McGill University, Paper Presentation Grant

Role: Principal Investigator

Length: 2012

Total Amount: \$1,500 (Share: 100%).

- [G10] Social Sciences and Humanities Research Council (SSHRC), Travel Grant

Role: Principal Investigator.

Length: 2008

Total Amount: \$2,000 (Share: 100%).

- [G11] McGill University, The Alma Mater Student Travel Grant

Role: Principal Investigator.

Length: 2007

Total Amount: \$2,000 (Share: 100%).

INVITED TUTORIALS

- [T1] How to Develop and Use Micro-Simulations for Design of the Public Health Interventions, *Institute of Health and Social Policy*, McGill University, Montreal, 2012
- [T2] Optimization of the Design and Delivery of Chronic Care through Operations Research, *NSERC CREATE Program on Health Care Operations Management and Information System Summer Academy*, Toronto, 2012
- [T3] The Role of Operations Research through the Journey of Chronic Care, *Ph.D. Workshop at Annual Meeting of Operational Research Applied to Health Services (ORAHS)*, Toronto, 2008

AWARDS AND FELLOWSHIPS

- * Principle's Dissertation Award, *McGill University*, 2007
- * Silver Poster Award, National Poster Competition, *Canadian Institute of Health Research (CIHR)*, 2007
- * Honorable Mention, *INFORMS Bonder Scholarship for Applied Operations Research in Health Services*, 2007
- * Canadian Delegate, EURO Summer Institute XXIII: OR in Healthcare, 2005, selected and nominated by *Canadian Operations Research Society*
- * Graduate Student Conference Support Award, *Canadian Operations Research Society*, 2005
- * Entrance Fellowship, Desautels Faculty of Management *McGill University*, 2004-2005
- * Top graduation and Dean's honor list, Graduate School, *Yeditepe University*, 2002
- * Graduate Studies Scholarship, *Yeditepe University*, 2000-2002
- * Dean's honor list, *Marmara University*, Engineering Faculty, 1996-2000

TEACHING EXPERIENCE

- * Manufacturing Planning and Quality Control, undergraduate level core course for supply chain management concentration, Michigan State University
- * Business Analytics, MBA elective course, Michigan State University
- * Guest lecturer on analytics/AI/machine learning, Logistics Emerging Thought Seminar, PhD course, Michigan State University
- * Operations Management, BCom core course, McGill University

- * Operations and Supply Chain Analytics, BCom and MBA elective course, McGill University
- * Healthcare Systems, MBA elective course, McGill University.
- * Economic Evaluation for Healthcare, International Masters for Health Leadership Program, McGill University.
- * Business Statistics, Graduate level core course, MIT-Zaragoza International Logistics Program.
- * Analytical Models, Graduate level core course, MIT-Zaragoza International Logistics Program.

COURSE DEVELOPMENT

- * Designed of Business Analytics course featuring case studies, lectures, in-class simulation game, guest speakers and in-class problem analysis, Michigan State University
- * Re-designed of Manufacturing Planning and Quality Control course featuring case studies, lectures, in-class simulation games, guest speakers and in-class problem analysis, Michigan State University
- * Re-designed of MGCR 472 Operations Management course featuring case studies, lectures, in-class games, guest speakers and in-class problem analysis, McGill University
- * Re-designed of BUSA 698 Healthcare Systems course featuring case studies, lectures, guest speakers, in-class debates and term papers, McGill University
