2008

Consultant & Co-Instructor of *Marketing on the Internet* (MBA) Course
Paul Merage School of Business at UC Irvine

Refined an existing course on Marketing on the Internet, bringing it up to date in terms of content and focus. Managed the creation of a student-accessible CMS (Content Management System) whereby students logged into their own instance of a shopping portal and were able to modify its content and aspects of its design to further their understanding of online marketing concepts.

2006-2009

Co-Developer & Co-Instructor of *Design Management & Innovation* (MBA) Paul Merage School of Business at UC Irvine

Co-developed a course on design management & innovation with Professor Alladi Venkatesh of the Paul Merage School of Business and participated in teaching the course, representing the

perspective of the design strategist – helping students understand the importance of the role of design in the overall business process.

1998-1999

Co-Instructor of Multidisciplinary Sponsored Project Course
Art Center College of Design, Pasadena, California

Co-taught a class of 33 students in the graphic design and industrial design disciplines (advanced term), as they formed teams to compete in a project sponsored by Acer wherein the challenge was to design a futuristic educational and entertainment-based personal digital assistant including associated positioning, branding and marketing strategies.

1998-1999

Co-Instructor of Sponsored Project Course
Art Center College of Design, Pasadena, California

Co-taught a class of 15 students in the graphic design discipline (advanced term), as they formed teams to compete in a project sponsored by Philips wherein the challenge was to produce concepts, mock-ups and branding strategies for the "living room of tomorrow" including environmental considerations, technological considerations and the needs of futuristic families in their struggle to balance technology with everyday living.

1998-1999

Instructor of Advanced Conceptual Design Course
Art Center College of Design, Pasadena, California

Taught a class of 14 students in the graphic design discipline (advanced term) where they were challenged to provide concepts and design solutions for projects such as the future identification and currency storage system (e.g. wallet).

1997-1998

Instructor of Web Marketing Course
UCLA Extension, Westwood, California

Taught web development and online marketing, branding and community building to a class of 18 students, a percentage of whom were industry executives looking to shift to digital.
